

Terms of Reference -Land Degradation Neutrality (LDN)

Standard Development Group (SDG)

Document name: Terms of Reference for the NCCF-LDN Standard Development Group (ToR-SDG-LDN-2020)

Date: May 2020

1. Establishment

The NCCF Land Degradation Neutrality (LDN) Standard Development Group has been formed and is being constituted under the Chairpersonship of Dr. Devendra Pandey for developing the standards for certification of Land Degradation Neutrality (LDN).

2. Normative Basis

The work of the Standard Development Group (SDG) is based on and follows:

NCCF's Standard Setting Policy available on the following weblink:

<https://www.nccf.in/wp-content/uploads/2019/10/S5-NCCF-STD-SSP-012015-rev.pdf>

Scope

The broad scope of work for the SDG is as follows:

To develop NCCF Certification Standard for the LDN

- To consider the international and national requirements while drafting the standard
- To maintain transparency and have balanced representation from all potential and relevant stakeholders.
- Maintain the records of the proceedings
- Any other significant work that needs to be incorporated in the document.

Members

The Governing Body, NCCF has authorized the Chairperson, LDN to select and appoint members of the SDG based on nominations obtained from them. SDG is the apex body consisting of members constituted for developing the Standard for the LDN.

The SDG would further be serviced by a Technical Working Group (TWG), which will be responsible for preparing the draft standards in consultation with and guidance of SDG.

The Chairperson can revoke the appointment of any SDG member at any time, if the Chairperson considers that a member is not actively participating in the process. Membership of the SDG can be given to individuals as well as to organisations. The decision whether the membership status is with an individual or an organisation is made by the Chairperson, who can change this decision at any time. If not specified otherwise, members are holding the membership in individual capacity. Members

shall inform NCCF about any change in their professional/organizational status.

Members can apply to the Chairperson for the designation of an alternate, representing the member at SDG/TWG meetings on the member's behalf. To ensure a balanced representation of stakeholders, the member and his alternate shall not participate in an SDG/TWG meeting at the same time, unless approved by the Chairperson in advance. The Chair of the Group shall ensure the balanced representation of the stakeholders in the process.

Detailed ToRs for the SDG and TWG are given in **Annex**.

3. Meetings

The TWG shall meet at least once a month and may meet even earlier if required, virtually or at a place as may be decided and convenient to the members.

The SDG shall meet at least once a quarter and may meet even earlier if required, virtually or at a place as may be decided and convenient to the members.

The meeting will be coordinated by the Secretariat of NCCF. The proceedings of the meetings will be documented and circulated among members generally through e-mail and records of the same will be retained.

4. Confidentially

SDG members, if so required, may communicate with their own stakeholders on matters arising within the SDG, but they are not expected to do so in an inappropriately public manner, such as on websites, and in newsletters, etc. without approval from the Chairperson, SDG.

Any information required to be kept confidential by any of the SDG members or the Secretariat shall be kept confidential.

5. Working Mode

The SDG/TWG congregates in meetings convened by the Chair of the SDG/TWG. Meetings can take place in person or via telephone/web conferencing facilities or a combination thereof, etc.

The agenda of an upcoming meeting and related papers shall be distributed to the SDG/TWG at least about 14 to 7 days in advance before the meeting.

Members can submit comments, requests for discussions, documents, etc. for these to be considered at the meeting, to the Secretariat in advance.

Annex

Terms of Reference for Standard Development Group and Technical Working Group

Standard Development Group (SDG):

Standard Development Group (SDG) is the apex body consisting of members constituted for developing the Standard for LDN. The SDG process would adhere to the guidelines provided in the Standard policy document of NCCF available on the following weblink:

<https://www.nccf.in/wp-content/uploads/2019/10/S5-NCCF-STD-SSP-012015-rev.pdf>

- The SDG would be serviced by Technical Working Group (TWG), which will be responsible for preparing the draft standards in consultation and under the guidance of SDG.
- The work of the standard development group would be organized in an open and transparent manner where:
 - working drafts would be made available to all members of the Standard Development Group mostly through e-mail
 - all members of the standard development group would be provided with equal opportunities to contribute to the development or revision of the standard and submit comments to the working drafts prepared by the working group, and,
 - comments and views submitted through e-mail by any member of the standard development group would be considered in an open and transparent way and their resolution and proposed changes would be recorded
- SDG will help in the preparation and formulation of Standard's draft version1 with working group.
- SDG will liaise, coordinate and assist the working group for piloting and pilot testing of the standard in the field with concerned stakeholders.
- SDG will formulate final draft version of the standard after consensus of SDG members and present the same to the Governing Body of NCCF
- The members of SDG shall meet atleast once in three months virtually or at a place as may be pre- decided by the members. In case of need/if required, the members can hold the meeting as and when required. NCCF shall not compensate any member for the time devoted and towards professional fees/expenses incurred by any member.

- The SDG members would be further involved in the piloting and pilot testing of the standards in the field, considering their expertise in the concerned field, once the draft standard has been finalized after intensive consultation.
- All the relevant documents pertaining to standard development process will be uploaded on the NCCF website for public consultation
- If an SDG member fails to attend three consecutive SDG meetings, he/she shall stand disassociated from SDG. Members can also participate via emails and webinars etc.

Technical Working Group (TWG):

The TWG is an integral part of the SDG and consists of SDG members able to devote full time and provide technical support for the drafting of the standard in regular consultation and guidance of the SDG members.

Functions of the TWG will be:

- To perform the functions of drafting the draft standards in consultation with the SDG members.
- To conduct stakeholder mapping and participate in the relevant stakeholder engagement throughout the exercise.
- To collate the outcomes of the assessment reports submitted by the Teams involved in Pilot testing
- TWG shall meet regularly under the Chairpersonship of Dr. Devendra Pandey, to keep the momentum of the process going. TWG shall meet at least once in a month or even earlier if required.
- If a TWG member fails to attend three consecutive TWG meetings, of the group he/she shall stand disassociated from the TWG. Further, the members can also be part of the meeting via webinars and emails, etc.
